MORE ENTRIES FOR THE BIG OSAPLE
PARADE FOR THE STATEHOOD JUBILEETwo Silk Flags Arrive, For
Presentation to Governors
of the Two New States.

Plans are about completed for the Statehood Celebration. The executive committee is meeting today for the purpose of finalizing the tag ends and everything will be in readiness by Friday morning for a formal announcement to the public.

The whole program has been arranged by hit and the executive committee will announce its full arrangements Friday.

The Os-Aple Parade. Entries for the Os-Aple parade are still pouring into the office of J. F. Coles, the chairman.

R. L. Young stated Thursday morning that he would enter a float.

The two silk flags to be presented to the governors of New Mexico and Arizona by Governor Colquhoun of Texas, on governors' day, are at the chamber of commerce. They are of silk with the stars embroidered in the field of blue, while gold fringe decorates the borders.

Each is mounted on a staff and the flags are six feet long and 10 feet wide.

Presenting the Flags. Probably the most impressive ceremony of the Statehood Celebration will be the flag presentation at Fort Bliss on Governors' day, Friday, October 20.

According to present plans, the flags which are to be presented to the governors of New Mexico and Arizona, will be placed in the quarters of the colonel or some other place to be selected.

They will be in charge of an officer of either the infantry or cavalry and probably two women, one representing New Mexico and the other Arizona. An escort of cavalry will ride up, accompanied by an officer in charge, will receive one of the colors and escort it to the governor's stand. There the colors will be presented to governor Colquhoun and he in turn will present them to the governor of one of the new states.

Military Maneuvers. Then an escort of infantry, commanded by an officer, will return to the quarters to receive them in the same manner and the same ceremony will be followed out.

After this there will be a review of

the troops in which both cavalry and infantry will participate.

According to present plans, there will be a machine gun drill by one platoon which promises to surprise everyone who has never seen this sort of drill. The men will start on a trot, will stop the guns off the mules carrying them and put them together and get them ready for action. At the minute they are supposed to be in action, the officer who is in command will fire his revolver. The record time made in the maneuver is 10 seconds, and an attempt will be made to break this record.

The Dragon Arrives. Mar Wing Kee is happy. This is not an unusual thing for the little mayor of Chinatown, but he is particularly overjoyed now because the dragon which is the other equipment for the Chinese section of the Os-Aple parade has arrived in El Paso and is stored in a house on Second street.

One hundred Chinese are entered in the parade and 75 of these will carry the dragon. It is expected that others will enter and every Chinaman in El Paso and the valley will take a holiday to see the Os-Aple parade.

The sheriff's department will be well represented in the various parades during the Statehood Jubilee. Sheriff Edwards and deputies Bird Holman, N. S. Goode, Ed Jacobs and state ranger C. H. Goode will ride on horseback in the parade.

A number of applications for appointment as special deputy during the jubilee have been received by Sheriff Edwards. About 20 special deputies are to be appointed.

Company K to Parade. In preparation for the Os-Aple parade drills are to be held regularly by company K of the Texas national guard.

The first meeting was held Wednesday night at the court house. Drill was held for an hour.

CONFESSES TO MURDER OF TWO ON THE BOLTON FARM. Minneapolis, Minn., Oct. 12.—James Dwyer today confessed to the murder of Mrs. Amelia Rhodes and her cousin, Frank E. Rhodes on the Bolton farm in Anoka county on September 1.

Mrs. J. B. Griffing, of 794 Roosevelt street, has undergone an operation for appendicitis.

Maj. C. N. Barney of the recruiting station has returned from Las Cruces.

You Have
to Live With
Your Furniture

You see it every day and many times a day. You want to live with it a long time. Furniture that will live with you, and will endure and wear and keep its good looks and give you its best service for years and years is the kind you want, and that is the kind we want to sell you. We miss sales rather than urge upon a customer an article we think he will not be satisfied with later.

"SOUS APPEL PERADE" TO SPREAD
RED FIRE AND FUN ALONG THE ROUTEMayor Refuses to Permit
Fireworks, and New Plan
Is Adopted.

Heretofore everything connected with the Statehood Celebration has been serious. But mayor C. E. Kelly was the indirect cause of a humorous part. He refused to allow the use of fireworks on Thursday night, the first night of the celebration, so the committee in charge of that feature hit on another plan.

It has arranged for the "Sous Appel parade" which will be a funny feature. It is to be a baroque run riot with Mockety features of the old times, and there will be plenty of red fire along the line of march to help make the spirits brighter.

"Ben Hee" and "Ben Him" will be there with the "Go Easies" and will engage in a chariot race that will make the circus folk turn green with envy. It is to be a jubilee of good nature, fun, fantastic and furious, and everybody will laugh according to the program.

The "perade" will form at 7:30 p. m. and follow this line of march: Form at Campbell street and Myrtle

avenue, at Elks' club, march west on Myrtle avenue to San Antonio street, east to El Paso street, north on El Paso street through Pioneer plaza to Mills street, east to Oregon street, south to Texas street, east to Stanton, south to San Antonio, west to El Paso, south to Overland, east to Santa Fe, south to Nat Reiss carnival grounds where the Knockers' hammer will be burned, turned, burned.

This is the way they will line up: Squad of police. 22d infantry band. Hoo Hoos. Elks' float. Big Chief Sous Appel. The East band and rag-a-muffins. Nat Reiss's famous camels. Chariots. Concha's band. City fathers' float. Knockers' hammer bearer with variations.

Las Cruces Company Coming. A company, A. New Mexico National Guard, stationed at Las Cruces, has received invitations from the statehood committee to participate in the celebration held in El Paso, and will leave here on Oct. 18 to remain several days.

PEARSON BONUS COMMITTEES ADD
MORE THAN \$3,000 ON THURSDAY

ANOTHER GENEROUS OFFER TO PEARSON FUND.
Oct. 12, 1911.

Editor El Paso Herald: The suggestive idea of appointing a fellow to subscribe to the Pearson project is a capital one, and here is my dollar, and in connection with a meeting to be held tonight to complete arrangements for our float in the great Os-Aple parade, we the organizers of El Paso, are going to raise the Pearson committee \$100. S. M. Collins.

A little over \$3000 was raised by the committees soliciting for the \$50,000 bonus for the Pearson site as a result of the work done Wednesday afternoon and Thursday morning. This leaves \$20,000 to raise. But all the committees have not yet got to work but will do so today and it is expected that the fund will be raised by Saturday.

Ten waitresses employed at the Sheldon grill room gave \$1 each toward the bonus and manager Morrow gave \$10 to make up a total of \$25 for these employees.

New Subscriptions. Those from whom subscriptions have been received during Monday and Tuesday reported Thursday, are:

S. H. Kress & Co., \$25.
W. E. McMath, \$25.
J. F. Knox, \$50.
R. A. Moore, \$25.
J. F. Payne, \$250.
Mayfield Realty Co., \$50.
Buehler Schuster Co., \$100.
De Shazo Realty Co., \$25.
Lee Marr, \$10.
City National Bank employees, \$25.
Hawkins Bros., \$25.
H. O. Darnall, \$5.
F. W. Gallagher, \$25.
Quas. Townsend, \$50.
M. B. Roberts, \$200.
L. Lindsay, \$25.
El Paso Bridge & Iron Co., \$200.
White House, \$250.
J. Goodman, \$15.
J. Barbick, \$25.
George D. Kendall, \$10.
Pullman Cafeteria, \$10.
M. A. Goff, \$5.
H. L. Howell, \$25.
Newman & Son, \$100.
J. J. Connor, \$50.
B. M. Wortham, \$100.
J. P. O'Connor, \$50.
Newbrough Realty Co., \$5.
Cassidy & Davidson, \$50.
Perry Kirkpatrick Realty Co., \$50.
El Paso Gas & Electric Co., \$750.
Joe Dunne, \$100.

El Paso Trunk factory, \$25.
F. A. Hewitt, \$50.
Negro Letter Carrier to Help.

H. D. Slater reported that he had received a letter from a negro letter carrier at the postoffice in which he stated that he would give \$1 and as soon as he could get to work would raise \$100 from the negro residents of the city.

St. Louisians Contribute. The Elliott and Barry Engineering company, of St. Louis, Mo., has subscribed \$100 toward the Pearson bonus.

B. Stevens received the subscription by mail today.

Petrolithic Subscription. In the report of the subscriptions to the Pearson bonus fund made at the chamber of commerce Tuesday night, the name of the Petrolithic Paving and Construction company, it should have been the former. The amount of the subscription was \$100.

BARRY FAVORS CONGRESSIONAL NOMINATIONS TO WEST POINT. Washington, D. C. Oct. 12.—Legislation authorizing the president to appoint four senators and representatives to nominate candidates for admission to the West Point military academy and a \$2,000,000 appropriation for completing buildings there are recommended and admission of foreign students to West Point strongly approved in the annual report of major general Thomas H. Barry, superintendent of West Point, today.

How English Beauties Peel Their Faces

(From Society World.) I could not help observing that the average Englishwoman's complexion is far more beautiful than that of the average woman of our country, says Mrs. Scott, secretary of the National Health-Culture Society. Making inquiries, several intimate friends in London confided to me that they regularly used on their faces what is commercially known as merozole wax. I do not know whether the habit is general there, but I do know that this wax has wonderful rejuvenating properties, for I've tried it myself.

"If you will get an ounce of this merozole wax at your drug store and apply it like cold cream, you will soon behold in your glowing cheeks their first resplendence. The remarkable transparent beauty of the Englishwoman's complexion. This wax gradually peels off the lifeless scarf skin in tiny, almost imperceptible flakes, revealing the fresh new skin underneath, pinky white, with the bloom of youth and health."

The property owners will petition the county commissioners to create a new voting precinct. They argue that this district is so divided that some of the residents are compelled to go all the way to Washington Park to vote while others must go to Highland Park.

They will ask the authorities to create the new voting precinct within these bounds: On the north, the El Paso and Southwestern tracts; on the east, Stevens avenue; and on the south, the U. H. tracks, and on the west, Pichas street.

All of the district is composed of residences, there being but one small grocery store in it. These residences are owned by those who live in them except possibly about 10, and the men feel that their interests should be guarded and that the city authorities will listen to their recommendations before making any improvements.

OREGON WOULD BE
FIRST IN THE CANALTaft Tells Salem People He
Would So Arrange It

Salem, Ore., Oct. 12.—President Taft, amid great applause, promised the people of the Oregon capital today that the battleship Oregon would be the first vessel to pass through the Panama canal if he had the power at the time to arrange it.

He made the principal speech of his stay here at the courthouse to a throng that filled the square in front of it. Gov. West introduced Mr. Taft, welcoming him to "a state of popular law and order, but he hoped the navy we have the recall, but where the judges are so upright and so just that we do not need it and they do not fear it."

The president said the Panama canal would double the efficiency of the American navy, but he hoped the navy never would be used for any more serious purpose than the firing of salutes.

Leaving here at 11 a. m., the president started on a 24 hour run down the coast to San Francisco, Calif., with only a few brief car-end speeches scheduled in between.

Pasteurized milk, El Paso Dairy.

PROPERTY OWNERS MEET
TO DISCUSS IMPROVEMENTS

Part of the Residents of East El Paso Want the City to Listen to Them in Making Expenditures There.

Residents of the northeast corner of East El Paso are determined to see that their section of the city is built up according to their own ideas and that they get what they believe they should from the city.

For this purpose they met at the residence of C. C. Gibson, 3500 Montana street, on Wednesday night and formed an organization. David McKnight was chosen president, S. C. Patton vice president, J. A. Gumm secretary and treasurer, and Atlas Jones, John G. Hayes and C. C. Gibson an executive committee.

It is the intention of the property owners to see that grades are properly established and that the new school house to be erected in the middle of this district is built according to the best plans and that a full share of the recent \$50,000 bond issue is devoted to this purpose.

The property owners will petition the county commissioners to create a new voting precinct. They argue that this district is so divided that some of the residents are compelled to go all the way to Washington Park to vote while others must go to Highland Park.

They will ask the authorities to create the new voting precinct within these bounds: On the north, the El Paso and Southwestern tracts; on the east, Stevens avenue; and on the south, the U. H. tracks, and on the west, Pichas street.

All of the district is composed of residences, there being but one small grocery store in it. These residences are owned by those who live in them except possibly about 10, and the men feel that their interests should be guarded and that the city authorities will listen to their recommendations before making any improvements.

EL PASOANS PRAISE THE RECENT
TRADE TRIP AT WEEKLY LUNCHEON

Business men who made the trip with the trade excursion to the Pecos valley told of the trip and the work of the excursionists at the weekly luncheon at the Sheldon hotel Thursday.

H. D. Slater acted as toastmaster. V. R. Stiles, the first speaker, spoke of the hospitable way the excursionists were received, saying: "When we arrived at Valencia in reality, but a stock of goods out of a store and get tables in there to entertain us. Then they piled the tables up with cakes and ice cream and other good things to eat."

"We arrived at Sierra Blanca at night between 10 and 11 o'clock and the people were waiting for us in the hall. We proposed to give them a dance, but the men of the town would not hear of it. They turned their wives and sweethearts over to us that we might enjoy the dances and would not allow a Sierra Blanca man to dance."

"It is impossible for me to describe the Pecos valley. Roswell is so near and yet so far; near in reality, but far because we have never gone up there as we should have done before. Last night there is worth \$1000 to \$1500 per acre."

"They have dirt roads up there that are as good as macadam roads and they keep them in good condition."

"I came from an apple country; the state of Michigan claims to raise the best apples in the country, but I never saw anything to compare with the orchards at Roswell."

"The Roswell land is ideal for raising alfalfa and the climate is excellent. They do not have much rain there in the summer and they do not want because they are then gathering their crops. It looked to me like a garden of Eden."

"When a man wants to irrigate his land all he has to do is to go to one corner of his farm and turn a faucet. Then there pours out a six inch stream of pure water."

"At Fortunes they showed me something that could be done nearer home. They lift their water there about 12 feet. We could do the same thing within 100 miles of El Paso up around Tulare and Alamogordo and turn that land into irrigated farms."

C. E. Russell said that he had not realized that there was such a land until he had gone with the excursionists and investigated it.

Galbreath Adams said the only thing they needed in the country through which the excursionists had passed was fuel to develop the land. At Artesia and Roswell, he said, it was possible to raise any size family on an irrigated farm.

James G. McNary, president of the chamber of commerce, spoke of the work of the Twenty-third infantry band on the trip and praised it most highly.

Then a report of the committee in charge of the Pearson bonus was made and the luncheon adjourned.

Col. E. Z. Stevens, of the Fourth cavalry, and C. F. Glenn, of the Twenty-third infantry, were guests at the luncheon.

Restored to Health

MRS. JAMES CRAVEN

Duffy's Pure Malt Whiskey

STANDARD OF PURITY AND EXCELLENCE SINCE 1860

If every man and woman in the United States would only appreciate what this great family medicine does toward building up the system, driving out the disease germs by strengthening the digestive organs and quickening the circulation so as to prevent a cold or other form of congestion from becoming deep rooted, ninety per cent. of the illness would only stop and think the chief cause is the system is allowed to run down; the blood becomes thin, the digestive organs are not strong enough to do their work properly, the tissues become weakened, the kidneys are unable to carry off the waste matter. The result is pains, aches, and all kinds of troubles. Just give your system a chance; build it up by taking Duffy's Pure Malt Whiskey as directed; it will build new tissue, help the stomach digest the food, strengthen the heart action, enrich the blood and invigorate the body, brain and nerves.

Duffy's Pure Malt Whiskey is the only whiskey that was taxed by the Government as a medicine during the Spanish-American war. Sold in SEALED BOTTLES ONLY by druggists, grocers and dealers, or direct, \$1.00 a large bottle. Our doctors will send you advice free, together with a valuable illustrated medical booklet on request. The Duffy Malt Whiskey Co., Rochester, N. Y.

The body building and nourishing qualities of Duffy's Pure Malt Whiskey restored a very sick woman to the best of health. It will do the same for you if you will give it a chance.

She recently wrote: "I am a regular user of Duffy's Pure Malt Whiskey and I have derived much benefit from its nourishing qualities. It is the greatest tonic and stimulant I know of for weak systems. I was very sick some time ago, but owing to this elixir of life, I am enjoying splendid health at present. I should have written sooner and thanked you for the good your whiskey has done and is doing for me. It is the real medicine of the American people." Mrs. James Craven, Waltham, Mass.
